

Frequently asked Questions

General questions

Who is proPM-P® / proCAP-M®?

ProPM-P/proCAP-M is a consortium of three Swiss companies specialized in Project Management Training, **GAF** – **STS** – **VIRAK**, who have pooled their competences to prepare you in the best possible way for these demanding exams.

Since 2005 – more than 150 courses – more than 1400 participants in Switzerland!

GAF is Eduqua certified and approved by TempTraining.

STS and VIRAK are both PMI Registered Education providers REP.

To which version of the **PMBOK® Guide** is this course aligned?

All courses, material and e-learning products are based on the **PMBOK® Guide Sixth edition**, and are aligned with the 2016 PMP® Exam content outline. Courses starting the 2nd quarter 2020 will be aligned to the 2019® Exam content outline.

Are the facilitators PMP® credential holders?

Of course they are. Our facilitators have successfully trained over 4'000 project managers in the past 14 years.

What does the proPM-P / proCAP-M Certification Training include?

- 4-day intensive class room training in Geneva or Zurich in English (exam is not included) with the following material
 - **PMBOK® Guide** Sixth Edition (PMI Project Management Book of Knowledge)
 - PMP® Exam preparation book 9th Edition (Rita Mulcahy) or CAPM® Exam preparation book 3rd Edition (Rita Mulcahy)
 - PMP® or CAPM® Exam preparation binder with course notes
 - Participation in monthly Q&A sessions via web conference until you have successfully passed the exam
 - access to our web-based on-line exam simulation, X-AM with over 1400 questions
- hotline to our trainers and proPM-P office to provide on-going support during the application and exam process

When I apply at proPM-P / proCAP-M am I also directly booked for the PMI exam?

No, you have to apply directly online at www.pmi.org for the PMI exam. Once your application has been accepted, you will need to pay online by credit card. Only then can you schedule your exam. proPM-P will be glad to assist you with the registration.

How does PMI check my information?

All applications are subject to an audit, although only a percentage of applications are selected for audit. During an audit, you will be asked to submit supporting documentation such as:

- Copies of your diploma/global equivalent
- Signatures from your supervisor(s) or manager(s) from the project(s) and/or program(s) documented in the experience verification section of the application
- Copies of certificates and/or letters from the training institute(s) for each course documented on the application to meet the required contact hours of project management education

The selection of an application for audit is random.

NOTE: PMP, CAPM, PMI and PMBOK are registered marks of the Project Management Institute, Inc.

Can I take the exam without doing your proPM-P training?

Of course you can. However, you will need to fulfil the PMI requisite education hours with a previous Project Management course. But to date, proPM-P has achieved an impressive exam pass rate in excess of 95% with students who have taken our course! The international pass rate is lower than 70%.

How much preparation time do I need to schedule before taking the exam?

We suggest doing 2 x 2 day training within 4-6 weeks and count another 2-4 weeks for self-study with the exam simulation.

During these 2-3 months you should schedule 80 to 100 hours personal study to ensure a positive result.

I have a doubt if I qualify for the PMP certification, or can only apply for CAPM. What can I do?

If you are not sure for which level you qualify, we will be pleased to put you in contact with a trainer with whom you can discuss your experience. Note that you can still decide on the first course day, which level you will apply for.

proPM-P proposes monthly Q&A sessions. Where do I find the dates and registration link?

Please visit www.proPM-P.com and scroll down to Course dates, after this you will find the section with dates and registration links for the Q&A webinars.

Monthly Q&A sessions. How often can I participate and do I have to pay anything?

If you have participated in a preparation course with proPM-P or one of its partners (GAF, STS or VIRAK) participation is free and you can participate as many times as you need to be fit for the exam.

What if I have questions after the course?

We are pleased to confirm that our trainers will be available to support you during the monthly Q&A session via web conference.

What is the optional e-learning based on the PMBOK® Guide?

In addition to the course you can order an e-learning based on the *PMBOK® Guide* for a special price of CHF 600.00 instead of CHF 1'055 (only for proPM-P participants). This e-learning, based on the *PMBOK® Guide*, includes theory, cross-references to the *PMBOK® Guide*, exercises, case-studies, checklists, etc.

Accompanied by a telecoach, you will get more in-depth PM Knowledge in Project Management. We recommend to do the e-learning before the class-room course.

Click here for a demo version www.sts.ch/pmbok6th_demo. This e-learning is **not** the exam simulator, which is already included in the course fee.

Can I also take the exam in French or in German?

As of July 2019 the exam is available in English (default), German, French and other languages. The candidate will be given the opportunity to select the preferred language during the exam scheduling process. There is no option to select the language during the exam anymore.

During the exam, and if the exam language is not English, there will be an English Preference button the candidate can select in order to see the question in English.

NOTE: PMP, CAPM, PMI and PMBOK are registered marks of the Project Management Institute, Inc.

A new window will open displaying the question in English. The question will not be offered in both languages on the screen at the same time.

This language option does not seem to be available if you take the exam in English and would like to see the question e.g. in German.

We suggest doing the training and the exam in English. Our 4-day trainings are offered in English only.

Does proPM-P also organize company internal PMI preparation courses?

If you have more than 5 participants, we will be pleased to make you a proposal for a company-internal preparation course.

Will I receive an invoice for the course fee?

Yes, even though you will be receiving all communications from proPM-P, you will receive the invoice from proPM-P partner **STS Sauter Training & Simulation SA**, who is responsible for the accounting side of proPM-P.

If your company requires a purchase order or an entry into a supplier system, please inform them that **STS SA** will be the official partner.

STS SA will send you an invoice for the training about 2-3 weeks before the training starts. Total CHF 3'700 + 7.7% VAT.

Does proPM-P offer any discounts?

proPM-P is pleased to grant PMI members 10% discount on the course fee against proof of membership (scan of membership card or email confirmation by PMI).

If you register with a colleague or friend at the same time, not necessarily for the same course, both receive a 5% discount. A third simultaneous registration receives 10%.

Please note that any promotional offer may not be cumulated with other reductions.

Should I become a member of PMI?

Membership with PMI is optional. It does not have any influence on the certification procedure. However, please note that members receive discounts on certification exams and renewals (approximately the annual membership fee).

Among the benefits are electronic access to PMI publications (*PMBOK Guide*® in several languages) and global standards, networking options with their chapters and online communities of practice, and leadership and volunteer opportunities, as well as our professional development offerings.

If you would like to become a member at www.pmi.org, please do so **before** registering for the exam.

Individual PMI Membership (optional): US\$ 129.00 + US\$ 10 inscription
+ optional: \$ 30 Chapter membership

Membership is directly payable by credit card to PMI during the registration process.

Does proPM-P / proCAP-M accept PMI Switzerland training vouchers?

Yes, when you register for a seminar, please mention that you would like to use a valid PMI Switzerland training voucher and then mail it to us directly. We need the original paper voucher.

NOTE: PMP, CAPM, PMI and PMBOK are registered marks of the Project Management Institute, Inc.
